Bangladesh College of Physicians and surgeons Facebook
Bangladesh College of Physicians and Surgeons (BCPS) has been the pioneer in developing postgraduate medical education in this country. Historically, the College bears a heritage to the College of Physicians and Surgeons of Pakistan of which it was the eastern wing.

The College has been the leader in Bangladesh in developing physical medicine. It offers a variety of programs for physicians and surgeons, including residency and fellowship training. The College is also involved in the development of medical education in the country.

The BCPS has a strong history of collaboration with international organizations, including the American College of Surgeons and the Royal College of Physicians of Edinburgh. It has also played a key role in the development of the Bangladesh Society for Medical Education (BSME) and the Bangladesh Society for Medical Research (BSMR).

The College has a strong commitment to research and has produced many notable contributions to the field of medicine. It has a strong presence in the international community, with many of its members actively engaged in the development of medical education around the world.

The BCPS is dedicated to the advancement of medical education and the development of a strong medical workforce in Bangladesh. It continues to play a key role in the development of the medical community in the country.
